

## Digital Leaders

Digital leaders consist of one pupil from each class. These pupils meet regularly to feedback what they have been doing in class and also feedback the opinions of those in their class regarding all things digital. At each meeting we discuss potential initiatives that the children feel are important. Digital leaders in year 5/6 have been instrumental in ensuring all children are comfortable using Hwb and Google Classroom. Internet Safety is something so current and is promoted by the Digital Leaders. We are also plan for the Digital Leaders to potentially run lunchtimes clubs and also aid those teachers who maybe aren't so comfortable using technology.
