

Eco Committee

We are an eco-school with Platinum plus status that has been maintained for 5 years. Throughout our journey, we have promoted environmental awareness to our whole school community. We have pride in our well-developed surroundings and this is an important part of our school ethos. Our eco club is held every Thursday after school between 3.30 and 4.15pm. All year groups are welcome to be part of our mission to change and enhance the world we live in. Our eco code is: 'Green today to change tomorrow it's the only way'. Our eco forum meets each week to discuss environmental issues. Our representative then takes our discussion to Llangewydd's 'Pupil Voice Forum' and an action plan is formed with a time frame to bring our ideas into fruition.
