

## **Teaching and Learning Committee**

This year the Teaching and Learning Committee are focusing on introducing BSL as our new primary international language. This has involved encouraging all classes to engage with the BSL signs/phrases of the week and to use these in and around the school. They have, for example, modelled use of BSL signage in assembly songs. The committee is also working on encouraging the use of the Silent Solo, Turn and Talk and Cold Call teaching and learning strategies in all classes throughout the school.
