

Parent Involvement

Date	Review Date	Coordinator	Nominated Governor
February 2025	February 2028	Krista Green	Mary Wilson

We believe that it is essential to involve parents, as much as possible, in all aspects of school life. For parents being 'involved' will mean anything from communicating with the school; cooperating over discipline, attendance and homework; taking an interest in their children's work and visiting the school; coming to parents' meetings and talking about issues, and to attending social and fundraising activities.

We want all parents/carers to feel equally valued as part of our school community. We want them to work in close partnership and to have a regular consultation with us in order to improve their children's learning.

We are aware that because of a variety of reasons parents' involvement levels often decrease as their children progress to secondary school. Therefore, we have forged strong links with the local secondary school and we have put together a joint transition plan for parents that will encourage them to continue to support their children into the next phase of their education.

We wish to work closely with the Pupil Voice Committee and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

Aims

- To ensure that all parents get their entitlement under the law.
- To forge the best possible links between home and school by involving parents in all aspects of school life.
- To keep parents informed of the successes achieved and problems encountered by their children and by the school as a whole.
- To make children feel that they are supported by their parents and that their parents are interested and involved in the school community.
- To have in place a Home-School agreement with all parents that underpins the aims and values of the school.
- To work with other schools to share good practice in order to improve this policy.
