Dear Parents/Carers

## New website and 'The Parent App'

A little while ago we recognised that we could improve upon how we communicate within our school community. We have been working tirelessly towards addressing this.

On Monday this week we launched our new website. This is huge for us, not only because the website is so much more informative and current than our old website but also because the website has an accompanying 'App'. This 'App' will be our primary means of communication with stakeholders (you guys) and as all of you are integral to our school, I fully expect that you will all download this 'App' and consequently will be fully 'in the loop' in terms of communication.

Details of how to access the 'App' are on the **Homepage** of the new website, or: *You can go to either Google Play for Android or The App Store for iPhone and search for 'The Parent App'. You should see the app come up in the search with the Phenix logo. Install this app and then in the search bar on the app start to type in the name Llangewydd and it will come up in the search results. Click on Llangewydd Junior School in the results list to download your app to your phone. (Click on the box on the right of this page and watch the short video on the linked page to see how it's done)*

Also included on the 'App' are:

- 1) **School Prospectus 2020/21** - please have a good look at this as it will tell you so much about our school that you need to know, such as teacher groups for next year.
- 2) The latest important **Newsletters** and the **School Calendar**.
