Your child will see their eBooks in '**My Stuff**'.

Simply click on a book's cover and begin reading. You can navigate through the pages using the ← and → arrows. You can also 'zoom in' on features as well as see a single or double page spread. Remember to answer all the quiz questions by clicking on the 🐛 icon.

You do not have to answer all the questions in one reading session. You can come back to any of the books as many times as you like. Books you have finished reading will appear in your '**Library**'.

Rewards

When your child has finished reading a book and has answered the quiz questions, he or she will earn some golden coins ⬤

that they can save up or use to play games, race a scooter, collect stickers or buy items for a treehouse in one of the '*Bug Club*' reward worlds.

The Importance of Listening to Your Child Read

Research has shown that parental engagement with their child's reading has a more significant impact upon attainment than almost everything else. Now, more than ever before, it is so important to make time to share books with our children and to talk about what we read together.

Establish a regular time and place for reading. Encourage the children to talk about what they read – the themes, settings, characters, features of the text and the use of language.

Expose your child to a variety of reading materials – *picture books, short stories, magazines, leaflets, letters, advertisements, atlases, encyclopaedias……*

Share your love of books and be 'caught' reading for pleasure. Let your child see you as a positive role model for reading and help them to understand how reading is an everyday life skill.

Llangewydd Junior School

is proud to introduce

Bug Club, our reading scheme, brilliantly combines rich, colourful books and an incredible *online reading world*. It is filled to the brim with exciting stories, vivid characters and fascinating facts to hook our children into a lifelong love of books and to help them develop as confident, young readers.
Llangewydd's new Bug Club -

Have you got the reading bug?
Bug Club

What is Bug Club?

Bug Club is an exciting reading resource that we will use to help teach your child to read accurately, fluently and with understanding.

It has carefully selected, high quality reading books and eBooks that will engage and interest the children.

The children will be able to enjoy reading the books in school as well as **accessing the eBooks at home** by logging into an online reading world via the *Active Learn* link on our school website.

The children will enjoy reading a wide range of quality fiction and non-fiction at home and in school.

Why are we using eBooks?

Your child can enjoy reading books on screen and completing fun quiz questions found in the eBooks.

The questions will help your child practise important reading skills. Click on the 'Bug' icons throughout the eBooks to answer the questions. Once your child has answered the questions, the bug's eyes will close.

Some of the eBooks have a '*Read to me*' button so that the children can listen to an expressive reading of the text by professional storytellers and actors.

If you have access to the internet at home, your child can log on whenever they want to on iPads, tablets, laptops, *Kindle Fires*......

If you don't have internet access at home, your child will **not** miss out. We will be making iPads and computers regularly available for the children to access the eBooks at school.

Please don't hesitate to contact the school if you need further information, help or advice.

Llangewydd Junior School – putting literacy at the heart of your child's learning.

How do the children access their eBooks at home?

How to Login:
Go to the school website www.llangewydd.co.uk and click on the

 link.

Alternatively you may like to log on via the Active Learn website – www.activelearnprimary.co.uk

Each child has been given their own Bug Club password and username that follows the pattern below:

A child named *Harry Potter* would have the following (case sensitive) login details:

username: **HarryP**
password: **Potter**
school code: **llju**

You will now see your child's '**Homepage**':
