14<sup>th</sup> October 2021

Annwyl Rieni/Gwarchodwyr,  
Dear Parents/Carers

## Family Learning for Years 3 and 4

Firstly, I would like to welcome you to Llangewydd Junior School.

At the start of the academic year I would normally be sending invites out to our Year 3's for our Family Learning sessions in school, providing activities for you to try with your child. As I am unable to offer this due to social distancing I have decided to run our sessions through Google Classroom providing weekly PowerPoints and resources for you. I am very excited to be able to offer these sessions without a limit of numbers, to all of you. You will also be able to access the Google Classroom at a time convenient to you.

### What is Family Learning?

**Family Learning** encourages **family** members to **learn** together as and within a **family**. **Family learning** activities can also be specifically designed to enable parents to **learn** how to support their children's **learning**.

### Why is Family Learning important?

Parental engagement in family learning has a large and positive impact on children's learning, giving children greater confidence and self-belief, with measurable benefits to their literacy, language and numeracy skills.

### The weekly sessions will be as follows:

- Accessing and undertaking work using Google Classroom
- Reading
- Speaking and Listening
- Writing
- Spelling
